Pet Issues in Korea

- **Purchasing a pet in Korea should be done with *extreme* caution.**
 - **Ask to see dam and sire's vaccination records**
 - **Verify that the pet is 7+ weeks old (birth date, teeth)**
 - **Look at gum color, body condition, attitude**
- **Breeders are a better source than pet stores.**
- **Healthy animals are available for adoption.**

**Check with your area US Army Veterinary
Clinic for more information!**
